

National Digital Library (NDL) (ndl.iitkgp.ac.in/)

Ministry of Human Resource Development (MHRD) under its National Mission on Education through Information and Communication Technology (NMEICT) has started the 'National Digital Library of India' (NDL India) experimental venture to develop a framework of digital library of library materials with advanced exploration facilities. NDL India is developed to host multi-lingual interface provision for important languages from India. The pilot-project is developing a outline that diversity to aid all levels of learners. It is being developed at Indian Institute of Technology Kharagpur.

Archive.org Digital Library (<http://www.archive.org>)

The Internet Archive is a San Francisco–based nonprofit digital library with the stated mission of "universal access to all knowledge. It provides free public access to collections of digitized materials, including websites, software applications/games, music, movies/videos, moving images, and nearly three million public-domain books. As of October 2016, its collection topped 15 petabytes. In addition to its archiving function, the Archive is an activist organization, advocating for a free and open Internet¹.

HathiTrust Digital Library (<https://www.hathitrust.org>)

HathiTrust is a large-scale collaborative repository of digital content from research libraries including content digitized via the Google Books project and Internet Archive digitization initiatives, as well as content digitized locally by libraries².
