## NLAT 2020

### Examination Integrity Announcement

The National Law Aptitude Test 2020 (“NLAT 2020”) is a public entrance examination that seeks to maintain a high standard of academic integrity. Unless you have been granted special permission, candidates must appear for the Examination with no assistance from any other person and avoid interaction with devices or resources apart from the examination paper for the entire duration of the examination.

We have adopted robust technological measures and proctoring processes to maintain the integrity of the examination. We urge all candidates to take no risks with the proctoring and technological restrictions in place for the examination. Our integrity measures will come into full effect during and after the examination process as we review a comprehensive electronic record of the examination. While we cannot prevent a student's attempt to circumvent these integrity measures, any evidence of examination malpractice will be taken extremely seriously and will result in disqualification.

We reassure all candidates appearing for NLAT 2020 to participate in the examination with full confidence. We are confident that no candidate who engages in examination malpractice will secure admission to the University.

Full information about the protocols and processes to be followed are accessible on our website.

We wish all candidates the very best as we focus on delivering NLAT 2020 on September 12, 2020.
